SERIES

A large Bullfrog hot tub with a dark top and light-colored wood-grain sides is positioned on a stone patio. In the background, a two-story house with grey siding and white trim is visible, with several windows glowing from interior lights. A white picket fence and some trees are also in the background. The sky is a mix of light and dark, suggesting dusk or dawn.

BULLFROG SPAS QUALITY UNMATCHED VALUE

X Series hot tubs by Bullfrog Spas are engineered to provide an incredible spa experience and an unexpected value. Discover for yourself the relaxing ambiance, thoughtful features and industry leading reliability of the X Series spa line.

X8

A BETTER LIFE

X Series hot tubs by Bullfrog Spas are designed to help you make significant improvements to your overall health and wellness. With advanced hydrotherapy, rich audio, and reliable operation unmatched in comparably priced spas, every detail has been considered. For reduced stress, better sleep, and improved relaxation, you can count on your X Series spa.

QUALITY

Bullfrog Spas is known for excellence in engineering. X Series spas make this legendary quality more accessible than ever. Enjoy the long-lasting wood-free EnduraFrame, solid one-piece base, high efficiency foam insulation, extraordinary reliability, and a strong warranty. All of this available in the feature-packed X Series spa line.

ENTERTAINMENT

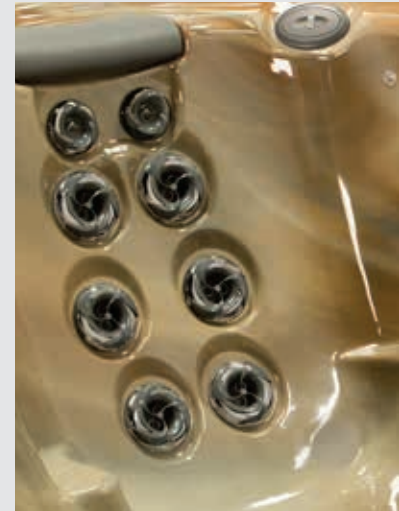

Relaxing in your Bullfrog Spa is better with your favorite sounds. The X Series Bluetooth Entertainment System features the finest in marine-grade audio technology including premium speakers with an impressive sonic range and an integrated subwoofer for deep lows. Stream your favorite playlist for just the right mood or sit back with your favorite audio book from any Bluetooth enabled device.

X7

The exceptionally comfortable seating, ergonomic design and well-planned layouts of the X7 and X7L provide both the capacity and overall experience of an eight-foot spa in a smaller space-saving footprint. The result is an amazingly efficient and comfortable spa with advanced hydrotherapy and quality that requires less space. Go ahead, stretch out, enjoy, and save in your X7 or X7L spa.

LED

AMBIANCE

Whether you are entertaining friends or quietly soaking away stress, you will love the environment that your X Series spa creates. Full-color LED mood lighting is standard on X Series spas and available coordinated LED lighted jets create a further enhanced experience. Let go of your stress as you listen to the sound of the flowing back-lit waterfall. Enjoy the soft lighting and soothing sounds and simply let your worries melt away in your X Series spa.

HYDROTHERAPY

Bullfrog Spas is renowned for patents in advanced hydraulic engineering and technology is at our core. This engineering philosophy is carried into the X Series to create first-rate hydrotherapy. The X Series plumbing design reduces restriction and improves jet power for a high-performance spa with ample jets and a variety of massages. All jets can operate at the same time without clumsy diverter valves and jet intensity can be adjusted to fit your therapy needs.

YOUR ACTIVE LIFE

An X Series hot tub by Bullfrog Spas is the perfect companion to your active lifestyle. Pushing your limits in the mountains, on the water, or at the gym can help you stay fit, but it doesn't come without some aches and pains. Tap your inner strength and take your fitness activities to the next level by reducing pain, soaking away stress, and recovering faster in your X Series spa.

X6L

Compact, yet comfortable, the X6L, X6R, and X5L spa models are built for versatility. Boasting unmatched space for its size, the X6L actually provides seating for up to 6 adults. Intense hydrotherapy is provided in a comfortable lounger and corner captain's seats. Whether entertaining or enjoying an intimate evening together, X Series spas deliver.
