

A MORE PEACEFUL LIFE

We all need a way to relieve aches and sore muscles, an occasional escape, or the opportunity to renew connections with the people that we love; a more peaceful body, peaceful mind, and peaceful home.

A Series and R Series hot tubs by Bullfrog Spas feature the patented JetPak Therapy System™, the only spa design that allows you to select the specific massage experiences you like and place them in the spa seats that work best for you. Additionally, you can interchange JetPaks at any time and update them as your needs or preferences change. You are empowered to completely personalize your spa, leading to an ideal spa experience and a more peaceful life.

PERFORMANCE

The plumbing used in other conventional spas is inefficient, expensive, and unreliable. Bullfrog's exclusive JetPak Therapy System™ results in up to 90% less plumbing, a more efficient and powerful system, and optimal performance.
